

## MILLIONS ON HONOR ROLL READY FOR CALL

Official Returns Commencing to Reach  
Washington From States

## MANY REGISTERED YESTERDAY

Some Cities That Had Not Sufficient Cards Permitted to  
Continue Enrollment—No Accurate Gauge of Results  
Can Be Made Until More Complete Returns Are Re-  
ceived—Few Slackers Found—Work Now Will Be to  
Select Men For Service, Weeding Out Those Physi-  
cally Unfit Through Use of Local Exemption Boards.

Washington, D. C., June 6.—The mighty roll of honor of Ameri-  
can manhood had begun to reach Washington tonight from the  
states that had completed their count of the men of military age regis-  
tered yesterday. At a late hour only a few complete reports had  
been received but preliminary unofficial returns were sufficient to  
show that millions of men await the call to arms.

The official figures were too scant for an accurate estimate of the  
total of the men who have registered. The first reports show that the  
census bureau's estimate of eligibles had not been equalled, but  
officials pointed out that the numbers by which one or two cities alone  
had exceeded the estimate would wipe out the entire deficiency of the  
several smaller states sending in the first official returns.

In some of the cities registration  
still was in progress today the at-  
torney general having approved the action  
of Provost Marshal General Crowder  
in authorizing an extension of time  
where cards were lacking or where the  
registration machinery proved other-  
wise inadequate to its task.

Until the records of the great  
manufacturing centers are completed  
results of the registration cannot be  
gauged accurately. General Crowder  
said tonight that it was not expected  
that the registration figures would  
check with the census estimates, if for  
no other reason than because some  
hundreds of thousands of men in the  
army and navy and National Guard  
were not required to register.

Only Few Slackers.  
Messages from governors all over  
the country showed that there are  
relatively few slackers to be dealt with.  
Already the machinery of the govern-  
ment is moving to bring these slackers  
to a reckoning.

The chief factors in bringing them  
to book will not be legal processes.  
General Crowder and the forces of the  
department of justice place full re-  
liance in the people themselves in  
enforcing these shirkers. No plan  
that would serve that end will be  
overlooked. No man skulking in tem-  
porary safety because he is a stranger  
in his community or because his age  
is not known will escape if the pro-  
cesses of law can bring him to an ac-  
counting. But it is upon the indigna-  
tion of men and women whose sons  
or other kin have faced the issue with  
courage and cheerfully recorded their  
names that the government chiefly de-  
pends to bring slackers into the open.

As the registration figures came in  
tonight the work of preparing for the  
next great step proceeded without in-  
terruption.

Already the regulations which will  
govern exemption are virtually com-  
plete. It is probable that a few  
days will see them duly promulgated  
by President Wilson and the work of  
assembling the boards in each com-  
munity under way. The personal  
honor of the President, of Secretary  
Baker, and of every member of con-  
gress who voted for the bill stands  
pledged to the statement that even-  
handed justice and fairness to all men,  
high or low, white or black, will  
prevail in the great task. Much must  
be done before the names of those  
who will compose the army can be  
enrolled. Millions of registration  
cards must be examined and classified.  
Those who are wholly unfitness physi-  
cally for the soldiers' grim business  
must be eliminated. The quota of the  
states must be assigned; the machinery  
for distributing this quota equally  
through every remote county or pre-  
dict of each state must be perfected.

Exemption Boards.  
The local exemption boards will al-  
most equal in number the registration  
precincts. Assurance has been given  
that a man's own neighbors will be  
the judges to pass upon his case. There  
will be more than 125,000 precincts  
and equal decentralization will char-  
acterize the exemption machinery.

President Wilson, upon whom the  
law imposes the duty of selecting and  
appointing all these boards, probably  
will delegate this authority to the  
state officials. Their loyal and en-  
thusiastic response, exemplified in the  
registration, is certain.

Then comes the appointment of the  
board of review, to which each man  
who may be chosen by his local board  
for army duty may carry his case if  
he feels himself wronged. These  
boards speaking, will be created for  
each federal judicial district and the  
President may appoint them himself.  
There is not a statement yet avail-  
able as to the process by which men  
will be drawn to appear before the  
exemption board. Secretary Baker  
has stated that something in the na-  
ture of a jury would be em-  
ployed, but beyond that no infor-  
mation has been given out.

Reports today from all parts of the

country bore out the indication of last  
night that the great enterprise had  
been carried through without objec-  
tion or opposition from a sufficient  
number of citizens to be worthy of  
mention. Registration was completed  
virtually without disorder; certainly  
with only a small part of the distur-  
bances that usually characterize national  
elections.

Partial Returns.  
The complete figures already re-  
ported follow:  
The District of Columbia reported  
its total registration at 32,327, divided  
as follows: White, 20,643; colored,  
9,982; Filipinos, 52; aliens, 1,570;  
alien enemies, 79; indicated possible  
exemptions, 19,789. District estimat-  
ed eligibles, 36,928.

The governor of Delaware reports  
the state's total registration at 21,864  
divided as follows:  
Whites, 15,638; colored, 3,251;  
aliens, 2,883; alien enemies, 92.  
Indicated possible exemption, 12,651.  
State's estimated eligible, 29,855.  
The governor of Vermont reports  
the state's total registration at 27-  
658, divided as follows:  
White, 24,022; colored, 77; aliens,  
3,487; alien enemies, 72.  
Indicated possible exemptions,  
13,224.

State's estimated eligibles, 36,825.  
Some of the states in which the can-  
vass has not been completed forwarded  
estimates of their total registration.  
These included an estimate of 950,000  
for Pennsylvania, whose eligibles the  
census figures had placed at 876,378.  
Michigan state officials sent an esti-  
mated 245,000 against a census esti-  
mated of 228,154; Rhode Island, 52,802  
against 50,790; New Jersey, 304,928,  
against 293,562; and Wisconsin, 218-  
700 against 229,897.

New York's Showing.  
Albany, June 6. — Twenty-five out-  
of the total of 57 counties outside of  
greater New York registered a total  
of 93,550 men of conscription age, ac-  
cording to returns late tonight to the  
adjutant general's office. Ten of the  
18 cities upstate, with a population of  
more than 30,000 each, registered a  
total of 129,437. Partial returns showed  
that Greater New York registered  
561,464.

An analysis of the returns thus far  
received convinced Governor Whitman  
tonight that New York state had re-  
sponded patriotically to the call of  
the nation.

Figures so far received show that  
the registration in cities was something  
more than 10 per cent, in some cases  
going as high as 12½ and in some  
dropping below 8 per cent of the popu-  
lation.

Eleven of the 18 cities reporting, in-  
cluding New York, give a total regis-  
tration of 690,901 from a total popu-  
lation of 6,181,525. Outside of New  
York ten cities registered 129,437 out  
of a population of 1,134,317. Of this  
number the exemptions for legislative,  
judicial and executive officers, persons  
totally disabled, those with depend-  
ents, and others total 66,530, or slight-  
ly less than 50 per cent of the regis-  
tration. In the counties figures so far  
presented show of the 93,550 registered  
45,676 probably are exempt.

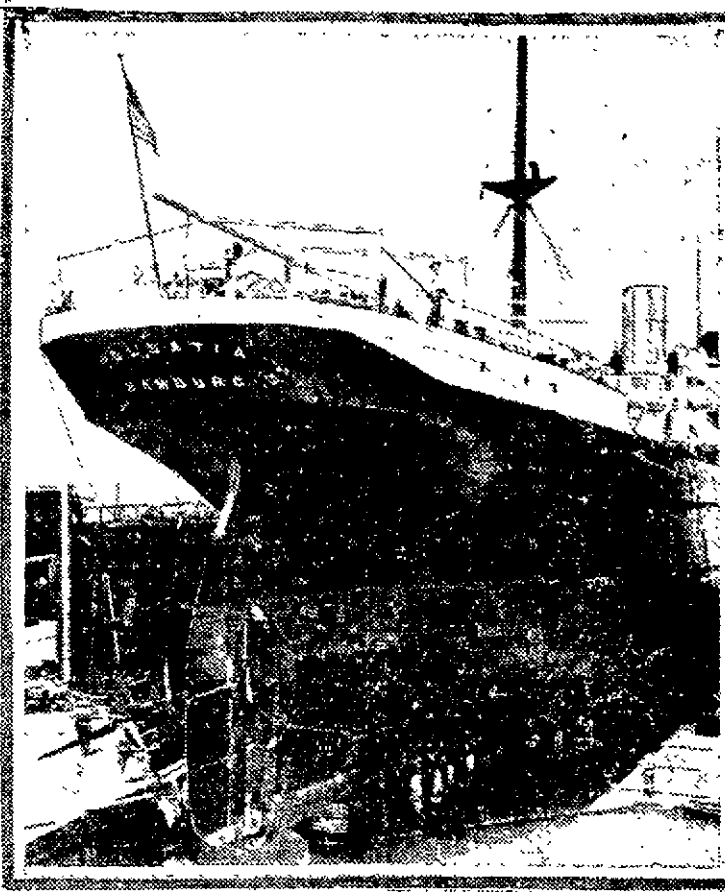

Returns were slow in coming in.  
Westchester county officials, who re-  
mained at work all night completing  
their tabulation, were the first to file  
a statement. Albany county had not  
been heard from officially up to mid-  
night.

With only four election districts  
missing, unofficial returns from Great-  
er New York showed tonight that  
568,797 men of conscription age regis-  
tered yesterday.

CERTIFICATES WELL TAKEN.

Washington, D. C., June 6.—The  
government's latest offerings of \$200-  
000,000 in treasury certificates of in-  
debtedness has been oversubscribed  
and the books were closed today, two  
days ahead of the designated time.

## GERMAN SHIPS TAKEN OVER BY UNITED STATES

SEIZED GERMAN SHIP

The above photograph, officially released by the United States Ship-  
ping board, shows one of the ninety-eight German ships taken over by the  
United States at the beginning of the war, being fitted up for service under  
the Stars and Stripes at a Pacific port. To man these ships and the thou-  
sand other blockade runners now under construction, the United States  
Shipping board is recruiting 10,000 deck and engine-room officers to train  
as captains and mates.

The board is establishing a chain of nautical schools on the Atlantic  
coast, the first of which opened June 4, near Boston. Government posi-  
tions at high pay will be the reward that the men will receive after passing  
the examination. In this way it is hoped to build up a gigantic merchant  
marine.

## FIRST REPORT OF U. S. DESTROYERS

Vessels Patrolling in North Haves  
No Encounters

## WORK WITH BRITISH

Virtually Assimilated With Eng-  
lish Squadrons—Have Already  
Conducted Vessels Into Port

The British port base of the Ameri-  
can flotilla was London, England, June  
6. — The American destroyers have  
completed their first month of active  
service in the great war. They have  
been favored with excellent weather  
which is a big factor in anti-submarine  
warfare. Most of the time they have  
had sunny skies and smooth seas, with  
just enough squall and storm to put  
their seamanship to test. The favor-  
able weather conditions made their  
task of learning the technique of anti-  
submarine warfare easier and simpler.

The American boats are assigned to  
work hand in hand with the British  
squadrons, being virtually assimilated  
into the British naval machinery here.  
A destroyer is usually out for four or  
five days, and then returns to port for  
two or three days while coaling and  
loading supplies. Thus every Ameri-  
can sailor gets at least half a day  
ashore leave practically every week.

Needle in Haystack.  
The Americans take their turn with  
the British boats in all routine work  
of patrol and convoy. This work, al-  
though largely routine, is interesting  
and the Americans have never yet  
found time hanging heavy on their  
hands. The lookout must be constant  
and eyes must be trained to an un-  
believable degree of keenness. The  
young Americans take zealously to  
this business of finding the periscope  
needle in the nautical haystack and  
daily reports of submarines sighted  
of observations made of wireless warn-  
ings sent broadcast show that the  
American boats are already making  
an average of results almost as satis-  
factory as the long experienced British  
boats, with which they are oper-  
ating.

There has been no actual encounter  
as yet between an American destroyer  
and the enemy, although several re-  
ports show that U-boats have been  
sighted and have been compelled to  
beat a hasty retreat to the depth of  
the sea. An assignment to convey a  
liner "from home" that is, from an  
American port, is regarded as an espe-  
cially choice morsel. A transatlantic  
liner which sights the American flag  
approaching to escort her to land  
never fails to respond with a great  
waving of flags and handkerchiefs  
from her decks and there is a fine ex-  
change of wig-wag in lieu of hand-  
shakes.

Vigilant Work.

Several American liners can already  
testify to the vigilant work of the  
American destroyers as convoys. Occa-  
sionally a fortunate liner finds her-  
self being escorted to port by Ameri-  
can and British destroyers side by  
side, circling about her like twin sla-  
vers, a visible sign of the new al-  
liance.

The American boats were ready for  
duty the minute they arrived. This

## EIGHTEEN VESSELS SUNK.

London, England, June 6.—The  
weekly report of the British ad-  
miralty concerning British shipping  
losses by mines or submarines says  
that 15 vessels of 1,600 tons or over  
and three vessels of 1,400 tons and  
five fishing vessels were sunk last  
week. Arrivals numbered, 2,893,  
and sailings, 2,642.

British merchant ships sunk by  
mines or submarines of over 1,600  
tons, including one previously sunk,  
15; under 1,600 tons, three; fishing  
vessels, five.

British merchant ships unac-  
cessfully attacked including four  
previously, 17.

The above report compared with  
that of the previous week shows a  
decrease of three in vessels in 1-  
600 tons and over sunk but an in-  
crease of two in the category of  
less than 1,600 tons. The previous  
week's reports announce the sink-  
ing of 15 vessels of 1,600 tons and  
over and of one vessel of less than  
1,600 tons.

was something of a pleasant surprise  
for the British naval men. It had  
been expected that some time would  
be necessary for certain installations  
and fittings but the Americans had  
everything in readiness and were at  
once assigned to work.

Shore leave is generous on the  
American ships and the American  
sailor is constantly in evidence in this  
village, in the country side round  
about and in a nearby city, where  
more metropolitan pleasures are avail-  
able than in the restricted limits of  
this little place. The people of the  
towns have taken the American sailor  
and his strangely spendthrift way right  
into their hearts. The American  
sailor seems always to have money,  
which is not so strange when it is con-  
sidered that his rate of pay is con-  
siderably higher than that of the Brit-  
ish tar.

"The American gets a dollar every  
time we get a shilling," is a common  
expression among the admiring Brit-  
ish seamen. One of the American  
sailors' favorite ways of showing his  
opulence is his habit of always travel-  
ing first class on the railroad which  
takes him from the village up to the  
city, a trip of a few miles. The extra  
cost is only a few pence, but the un-  
heard-of idea of a common sailor  
traveling first-class strikes the popu-  
lace as startling and audacious ma-  
neuver worthy the best tradition of  
American extravagance.

## OPEN SIGNAL CORPS OFFICES.

New York, June 6. — Lieut. Col.  
Carl F. Hartmann, signal officer of  
the department of the east, announ-  
ced today that recruiting offices had  
been opened in Philadelphia, Pitts-  
burgh and Rochester, and that addi-  
tional offices will soon be opened in  
other cities.

A special training camp for the signal  
corps will be located at Monmouth  
Park, N. J., where the government  
has leased 381 acres of land adapted  
for the work of training in signaling,  
telegraphy and maintenance of rap-  
idly constructed lines of communica-  
tion. Two telegraph battalions or-  
ganized in New York city, one from  
Philadelphia and one from the Buf-  
falo, Syracuse and Albany districts,  
composed largely of technical men,  
have been enlisted for the signal re-  
serve corps and are now ready for  
Monmouth Park. More than 2,000  
telegraphers are needed at once.

## U-BOAT SUNK BY AMERICAN GUNS

Report of Long Duel Won By  
American Vessel

## ITALIANS FORCED BACK

Austrians Gain at Jamiano; Vi-  
olent Artillery Fighting on  
Franco-Belgian Front

German submarines have met with  
hard usage at the hands of American  
and French armed merchantmen.  
One of the underwater boats is re-  
ported to have been sunk by guns on  
an American steamer operated by  
American naval gunners after a long  
duel, in which the submarine fired 35  
shots and the American vessel 25.  
The last shot of the American crew is  
believed to have reached its mark, as  
the submarine rose out of the water  
and then disappeared.

The French steamer Oroneque also  
gave battle to a German submarine,  
which was trying to approach her in  
a heavy sea. Four shots from the  
steamer sent the U-boat scurrying be-  
neath the waves.

In the Austro-Italian theatre the  
Italians have been forced to give  
ground before violent attacks by the  
Austrians south of Jamiano, which lies  
a short distance from the head of the  
gulf of Trieste. The Vienna war of-  
fice claims the capture of 271 Italian  
officers and 6,500 men in this fighting.  
All along the front the Austrians are  
heavily shelling Italian positions with  
the Italians replying vigorously.

Eighteen British merchantmen were  
sunk by mines or submarines last  
week, as compared with 19 the pre-  
vious week, according to a British ad-  
miralty announcement.

From the North sea to the Franco-  
Belgian frontier the entente allies and  
the Germans are engaged in artillery  
duels, which are especially violent  
around Dixmude and between Steen-  
strate and Ilet Sas and in the region  
of Wytschaete, south of Ypres. On  
the north bank of the Scarpe river to  
the east of Arras the British have cap-  
tured from the Germans trenches over  
a front of about a mile and made 162  
prisoners.

The Germans are heavily attacking  
the French troops in the region be-  
tween Soissons and Rheims but ex-  
cept in one sector they have every-  
where been repulsed with heavy casu-  
alties. North of the Chemin des  
Dames some trench elements were  
captured by the Germans.

Again there has been lively fighting  
in the air between the British and  
Germans, in which eight enemy ma-  
chines were shot down and eight oth-  
ers driven down. The British lost  
seven machines.

## DEFER TAKING ACTION ON TAX BILL A WEEK

REVISION WILL NOT BE READY  
FOR ANY EARLIER DATE

Washington, D. C., June 6.—Con-  
sideration of the redrafted war tax bill  
will not begin in the senate until next  
week. After nearly two weeks spent  
in revising the house bill downward,  
the Senate's finance committee today  
abandoned its plan to have the measure  
ready Friday. Instead, chairman Sim-  
mons said the committee hopes to  
complete its revision Saturday. Print-  
ing and preparation of the report will  
take several days.

Decisions on important taxation  
questions still pending were deferred  
today, details and minor tax rates  
alone occupying the day's session.  
Rates on incomes and excess profits are  
to be left to the last. It appears prob-  
able that both as adopted by the  
house may be changed and increased  
in some respects. Any revenue needed  
to make a total levy of \$1,500,000,000  
probably will be secured by increas-  
ing the income or excess profits taxes.

As to the tax upon publishers,  
which may be settled at tomorrow's  
session, committee sentiment appar-  
ently favors adhering to the tentative  
decision for a 2 per cent advertising  
levy, and against increasing postage  
rates.

Among minor questions agreed upon  
today was a tax aimed at theatre  
ticket scalpers, imposing a 50 per cent  
tax upon the profits on tickets to the-  
atres and other amusements sold at  
newsstands and hotels or other  
places than the amusement ticket  
office.

Exemption of bauxite de Chautauque  
or lycums from the amusement ad-  
mission taxes, when operated by local  
concerns was agreed to. The commit-  
tee in addition, amended the exemp-  
tion from admission taxes provided  
for agricultural fares to include all re-  
ceipts.

## BILLINGS HORSES AUCTIONED.

New York, June 6. — All of the  
trucking horses from Curis Neck  
farm, the property of C. K. C. Bill-  
ings, were sold today at auction in the  
Madison Square garden. Seventy  
horses went under the hammer for a  
total of \$80,100. The top price of  
\$30,100 was paid by Paul Kuhn, Terre  
Haute, Ind., for the trucking stallion,  
the Harvester, 2:01.

The champion pacing colt, William,  
1:58½, was purchased by J. Crouch  
& Son, Lafayette, Ind., for \$8,000.

## NORTHCLIFFE HEADS MISSION

London, England, June 6.—Lord  
Northcliffe, at the request of the  
war cabinet has accepted the posi-  
tion of head of the British war mis-  
sion in the United States in suc-  
cession to Arthur J. Balfour, who  
is to return to his duties at the  
foreign office.

Northcliffe's task will be to co-  
ordinate with the various British  
missions and to act in concert with  
the missions of the entente allies  
and of the American and Canadian  
governments. He has made many  
visits to the United States and  
Canada. He was born at Chape-  
lized, County Dublin, July 15, 1868.  
Lord Northcliffe is well known  
as a writer and newspaper proprie-  
tor. He controls the London  
Times and the London Daily Mail.  
He has a controlling interest in  
Great Newfoundland paper mills.  
He has long taken an active part  
in British politics and recently has  
been engaged in vigorous support  
of Premier Lord George's home-  
rule for Ireland.

## BROUGHT DOWN EIGHT GERMAN AIR PLANES

FOUR OF THEM DESTROYED BY  
BRITISH DURING RAID

London, England, June 6. — Eight  
out of 18 German airplanes that took  
part in yesterday's air raid on Essex  
and Kent were driven down by the  
British armies. Four of these were  
to a certainty completely destroyed,  
while two others are believed to have  
been put totally out of commission.

Of the 18 machines that started on  
the raid, two were brought down near  
the British coast, after having drop-  
ped their bombs, as reported in the  
official British statement. The remain-  
ing 16 were engaged by 10 naval air-  
men from Dunkirk, who in a great  
battle over the sea destroyed two  
more of the Germans and drove down  
another four, two of which it is rea-  
sonable to believe, according to the  
official reports, were completely put  
out of action.

After the lesson of the Folkestone  
raid the British were ready for yester-  
day's visit and from the moment the  
Germans left the Belgian coast they  
were engaged first with patrols over  
the channel, then with land forces in  
England, and later on their return  
with the squadron of airplanes from  
Dunkirk.

In addition to this prompt defensive  
action, a warning was given the in-  
habitants of the districts visited and  
they were able to take to cover so  
that the casualties, while considerable,  
aggregating 12 killed and 36 wound-  
ed, were much smaller than in the  
case of Folkestone, which had no  
warning. Anti-aircraft guns and air-  
planes succeeded in keeping the raid-  
ers from the naval and military cen-  
ters and the casualties occurred chief-  
ly in small towns and villages.

The increasing importance of air-  
plane attacks upon England and  
counter attacks in Belgium by the  
British is being much commented upon  
and it is expected the summer  
months will see many repetitions.

## WHITMAN SIGNS DIRECT TAX BILL

Imposes Tax of \$12,813,360 for Annual  
Contribution to Sinking Fund.

Albany, June 6.—The Machold bill  
imposing a direct tax of \$12,813,360 to  
pay for the annual contribution to the  
sinking fund was signed by Governor  
Whitman today.

Other appropriation bills signed by  
the governor included:  
Senator Sage's, appropriating \$150-  
000 for deficiencies in the expenses of  
the mobilization of the National Guard  
for Mexican border service last year.  
Senator Sage's, appropriating \$100-  
000 for highway improvements be-  
tween Albany and New York.

Assemblyman Machold's, appropriat-  
ing \$50,000 for expenses the attorney  
general may incur in conducting in-  
quiries concerning public peace, safety  
and justice.

## MAKE ARRESTS IN KEET MYSTERY

Six Persons Taken Into Custody Alleged  
to Know About Baby.

Springfield, Mo., June 6. — County  
authorities believe that the mystery  
surrounding Baby Lloyd Keet, who  
disappeared a week ago tonight, is  
nearing solution.

Six persons were being held in cus-  
todial tonight, one here, and one at  
Osark, Mo., and the other four, in-  
cluding a woman, are held at some  
unknown place to which they were  
taken when threatened with mob violence.

Confessions were said to have been  
made by the prisoners that they had  
planned to abduct C. A. Clement, a  
local jeweler, another child, and a St.  
Louis munitions maker. The plot dis-  
covered was said to have been out-  
lined by one or more Chicago men.

## CALL OFF STRIKE ON B. & M.

Boston, Mass., June 6.—The strike  
of 2,300 employees of the Boston and  
Maine railroad, members of the  
Brotherhood of Railway Station em-  
ployees, which was scheduled to go into  
effect tomorrow morning, has been  
called off, according to an announce-  
ment by railroad officials today. No  
details regarding the arrangements  
were given in the company's statement.

## STATE CENSUS FOR MILITARY

Governor Designates June 11 to  
25 For Listing Resources

## BOTH SEXES INVOLVED

All Between 16 and 51 to Give  
Information State Desires of  
Themselves and Property

Albany, June 6. — A proclamation  
ordering a census and inventory of  
the military resources of the state, to  
be taken between June 11 and June  
25, was issued by Governor Whitman  
tonight. All persons, both male and  
female, who have attained the age of  
16 years and have not reached their  
fifty-first birthday, will be required to  
give such information as the state de-  
sires concerning themselves and their  
property.

No one between the prescribed ages  
will be exempt from answering the  
census questions except persons in the  
military or naval service of the United  
States, those detained in penal insti-  
tutions under sentence of felony, or  
in state hospitals or licensed private  
institutions for the insane, and Indi-  
ans having a permanent residence on  
Indian reservations in the state.

Liable to Arrest.

The proclamation contains a warning  
of liability to arrest and imprison-  
ment for anyone "who neglects or re-  
fuses to appear personally when called  
upon to do so, or by or before those  
authorized to command his presence, or  
who makes incomplete or equivocal  
or willfully false or misleading an-  
swers, or who refuses to be sworn, or  
in any manner neglects or fails to  
comply with this proclamation."

Identification cards will be issued to  
all persons who personally give their  
answers to the census questions as  
evidence of such enrollment. Each  
census enumerator also will be pro-  
vided with a special card to be used  
when he finds a man between the  
ages of 18 and 45, and will serve upon  
that man notice that he is thereby en-  
rolled upon the state militia list.

All Involved.

All persons subject to the census  
who through illness or absence are  
unable to furnish the information  
called for in the manner prescribed  
shall within the dates specified pro-  
cure from any director or census and  
enrollment officer or from the ad-  
jutant general a form on which such  
information will be furnished, and prop-  
erly fill out and execute the same un-  
der oath, returning the form to the  
enrollment officer at his permanent  
address in time to reach that official  
on or before June 25. In cases when  
this rule can not be complied with on  
account of exceptional circumstances  
application should be made to the en-  
rolling officer, stating the grounds for  
such disability and requesting instruc-  
tions.

An army of 50,000 volunteer census  
takers will be kept busy for two weeks  
"taking stock" of the 5,600,000 per-  
sons that experts have estimated come  
between the appointed ages.

## PHILLIPS, THE DRAFT OPPONENT, GIVES IN

ARRESTED ON CHARGE OF NOT  
DOING SO, SUBMITS

New York, June 6.—What little op-  
position to the draft registration had  
developed here, received a setback to-  
day when Charles Francis Phillips,  
one of the most ardent of the anti con-  
scriptionists, pleaded guilty to a  
charge of failing to register yesterday  
and announced his willingness to com-  
ply with the law.

Phillips, who is a former Columbia  
university student, made his back-  
down when he appeared before Fed-  
eral Judge Mayer. Just before he  
went into court his sister tearfully  
pleaded with him to change his course  
of opposition to the law.

Reading from a prepared statement  
Phillips declared that his failure to  
register was not due to a cowardly ef-  
fort to evade the law but was in the  
interest of peace. He said he would  
reserve the right to question the con-  
stitutionality of the law.

The court announced that sentence  
would be deferred until next Monday  
when Phillips will be tried on a pre-  
vious charge of conspiring with two  
Columbia students to distribute anti  
conscription printed matter. He was  
out under bail on this charge when he  
was arrested last night for failing to  
register.

## LIGHTNING SETS OIL AFIRE.

During the severe electrical storm  
of last night, lightning struck the tank  
of the Standard Oil company at San-  
taria Springs, lighting the highly in-  
flammable contents. The fire was a  
spectacular one and could be seen for  
miles around the countryside. No  
one, it was learned late last night, was  
injured.

## FARMER FEED EXPERTS.

(National Crop Improvement Service)  
A farmer who has devoted his life-time to the study of feeding generally has more success through his common sense methods than any scientific analysis can supply. If such a feeder could have on hand all of the ingredients (most by-products of cereal manufacture), which according to the market at the time would be more economical, he could, through his experience, be very successful in mixing his feeds. But the difficulty with the average man is to maintain an economical ration from the products of his own farm.

He may be an expert, if he chooses to study out a new ration every time the market changes, but he generally prefers to let someone who makes a business of mixing feeds do it for him. No doubt the majority of users of mixed feeds begin to buy it because of a shortage of forage and grain crops on the farm.

If such a man will keep books he will find that as a usual thing the use of mixed stock feed is a mere matter of arithmetic whether he could buy the ingredients cheaper than he could buy them in a so-called "balanced" ration.

One hundred and twenty-four pairs of birds nest and raise their families on the average farm of 108 acres in the northeastern states.

## FINANCIAL AND COMMERCIAL

## New York Markets.

New York, June 6.—Absence of disturbances over registration day and a more hopeful feeling respecting Russian affairs infused fresh vitality into today's market.

U. S. Steel, the Bethlehem, Lackawanna, Crucible, Midvale and Gulf State steels, as well as Republican Iron, Colorado fuel and others registering extreme advances of two to almost 10 points. The first gain on its rise to 132 3-8, exactly duplicated last week's high record, allowing for the regular and extra dividends of 4 1-4 points.

Industrial alcohol was the most sensational feature, making a steady ascent of 16 3-4 points to 155 1-2.

Specific equipments were featured by Baldwin and American locomotives. New York airbrake, American car, Pressed Steel car, Railway Steel springs, General electric, Central leather and American can common and preferred at gross gains of two to almost five points.

Shipings and motors constituted the heavy features. Oils also held back but sugars, U. S. rubber and coppers were moderately strong.

Total sales amounted to 1,240,000 shares.

U. S. coupons and registered bonds were one to 1 1-4 per cent lower on call.

**Value of Vacations.**  
Vacations, according to the New York Medical Journal, are nature's safety valves for the relief of the high pressure resulting from efficiency. Efficiency demands that throughout working hours all the faculties be taxed to the utmost without waste of material or of energy, but if properly directed it aims at making an efficient man before an efficient product. Therefore production may not exact that the man speed up beyond his endurance.

The recent application of efficiency methods makes the vacation more than ever necessary. "The vacation," says the Medical Journal, "should be the nearest approach to the simple life. It is for this reason that the country, with all its many inconveniences, is so often chosen for the place of vacation. The vacation period allows for the absorption and elimination of the fatigue products from the system accumulated in the pressure period of the work. The longer the vacation, therefore, the better the subsequent work."

**Temperature of Volcanoes.**  
Scientists have secured an accurate measurement of the temperature of boiling lava in a crater. The experiment was a very dangerous one, and it was considered a triumph of precaution no lives were sacrificed in making the test. The crater of Kilauea, in Hawaii, was selected for examination. The work progressed very slowly. For a long time it was impossible to obtain results, but after several thermometers had been destroyed a pyrometer was substituted to advantage. The temperature recorded was 1,010 degrees C., which is the same as 1,850 degrees F. Iron is still unmelted at this heat, but gold, silver and copper melt at a lower temperature.

**Its Complaint.**  
A somewhat weather beaten tramp being asked what was the matter with his coat replied: "Insomnia. It hasn't had a nap for ten years!"

**His Position.**  
"What was at the bottom of that fight between Thompson and Jimpson?"  
"Jimpson was tll Thompson was pulled off."

The more one judges the less one loves.—Balsac.

## PLAINTIFF AWARDED \$8,000.

**Amount for Breach of Promise.**

Cooperstown, June 6.—At the term of the supreme court, in the case of *Anderson against Harry E. Hill*, an action for a breach of promise, the jury returned a verdict of \$8,000 for the plaintiff. The plaintiff was represented by Arthur W. Morse and the defendant by Stedman and Waterman.

The case of Anna J. Ward against the town of New Lisbon, an action to recover damages for negligence, is now on trial. The case may be ended late tomorrow.

## Registration Report.

The registration for the town of Otsego, according to yesterday's work, resulted in 297 names being placed upon the list. District number four registered 75.

## Thanksgiving Hospital.

There were 32 patients received at Thanksgiving hospital during the month of May which, added to the 17 carried over from April, makes a total of 49 cases for during the month. Thirteen were surgical cases and 13 medical. Nineteen patients remained in the hospital at the end of the month.

## Birth.

Mr. and Mrs. Samuel Duwen of Middlefield are the parents of a son, born at Thanksgiving hospital, Monday, June 4.

## On Private Yacht.

S. Beach Cooke, son of Mrs. Katherine Cooke, who had joined the United

States navy just before he made his recent visit here, has been assigned to Vincent Astor's yacht, *Nona*, which has been given to the service of the government and which sailed from New York Tuesday morning.

## GARRATTSVILLE GLEANINGS.

Garrattsville, June 6.—Mrs. Arthur Smith returned home Saturday from the Fox Memorial hospital much improved in health. — Arthur Jackson of Rockdale attended the funeral of his brother-in-law, S. W. Bundy, Friday. — Mr. and Mrs. W. B. Chase left for South Dakota Monday. — Mrs. Harper Steele was an Otsego visitor Saturday. — Claude Padgett of this place and Miss Edna Morion of New Berlin were married Saturday evening, June 2.

## Milford Red Cross Notes.

## NEWS IN HOBART.

**William H. Douglass To Embark in Feed Business at Andes.**

Hobart, June 6.—William H. Douglass, who recently resigned as superintendent of the Sheffield Farms company's creamery plant here, has formed a co-partnership with S. F. Penfield of the Penfield Milling company of Delhi and the new firm will conduct a feed store at Andes. Mr. Douglass will take charge of the business, Mr. Penfield remaining in Delhi. Mr. Penfield was formerly in the feed business in Hobart and both he and Mr. Douglass have numerous friends here, who will wish for the success of the new firm.

## Working For 200 Members.

The Hobart Red Cross membership committee is hustling for members and the organization is growing so rapidly that the 200 membership mark is certain to be reached by the end of the present week. One membership card turned in 49 memberships and

about fifty dollars in cash today. There is great interest in the movement here and a body of enthusiastic workers will soon be engaged in making various supplies for the national organization.

## Making Much Butter.

The Sheffield Farms creamery here is manufacturing large quantities of butter at present. Yesterday 7,500 pounds was made and the amount will probably increase daily until the latter part of the month. At this time last year from 12,000 to 16,000 pounds of butter was manufactured daily. The late season has been the cause of considerable falling off in milk production this year.

## No Slackers in Hobart.

There are no slackers among the young men in the Hobart election district, so far as could be learned today. The first military census ever taken in the United States yesterday brought forth a registration of 118 men between the ages of 21 and 31 in this district. Fred E. Weeks had

charge of the registration and he was assisted by Miles C. Dates. They were busy from the moment the registration office opened at 7 o'clock yesterday morning until long after the fixed closing hour, 9 o'clock last evening. The list will be checked without delay to see that all who come within the provisions of the law are on the books.

## Will Fight Blister Rust.

Two men, representatives of the government, will erect an experiment station on J. C. Blish's farm for the purpose of conducting experiments for the extermination of the blister rust, which is found on wild goose berries, and which is also doing much harm to our pine trees.

## Ladies' Guild Will Meet.

The ladies of St. Peter's church will meet Thursday afternoon at 2:30 at the rectory.

## Secures Position in Frankfort.

E. H. Bartlett has secured a position with the Acme Road Machine company of Frankfort. He will have charge of the work in the wood shop.

## Newlists.

Miss Anna McClelland, who has been attending Mt. Ida seminary at Newton, Mass., is home for the summer vacation. — Dr. Ray Champlin, who was recently graduated from the College of Physicians and Surgeons at Baltimore, Md., is spending some time with his parents, Mr. and Mrs. James Champlin. — Mrs. M. E. Currier of Jamaica, L. I., is at Montgomery homestead for a month's stay. — R. F. Clark and D. L. Gallup motored to Otsego yesterday. — Edward Arnold was in Kingston yesterday for registration. — Mrs. Delt Simonson is in Norwich today on business. — Mrs. W. H. Sheffield, Mrs. Susan Cowan, Mrs. E. A. Ackley and Miss Halsey motored to Delhi Tuesday and visited the work room of the Delhi chapter of the Red Cross. — Miss Halsey of North Patterson, N. J., returned home today after a visit with Mr. and Mrs. W. H. Sheffield. — Dr. and Mrs. C. K. McMurtry and Mrs. John McClelland of Stamford, Mrs. Addie McMurtry and daughter, Adelaide, of Binghamton, and Miss Jennie Dunn of Otsego were present at a dinner party today given by Mr. and Mrs. J. C. McMurtry. — Charles Finigan was a business caller in Norwich today. — Mrs. A. S. Carroll, Mrs. A. L. O'Connor, Mrs. E. T. VanBuren, Miss Anna Silliman and Rev. Colman are attending the missionary convention being held at Walton. — Mrs. R. H. Grant is visiting her son, Kenneth, in Troy. — Mrs. Irving Rowland, guest, Miss Jane Terwilliger, and Miss S. Craft of Stamford are visiting friends in town.

## DELI DAYBOOK.

3,217 Registered Under Draft Law in Delaware County.

Delhi, June 6.—In this town 170 registered Tuesday. Nothing of interest occurred in the several districts and all passed off without anything of a sensational nature. In the whole county 3,247 registered.

## School Grounds in Bad Condition.

It is unfortunate that the grounds around the fine new school building cannot be graded and seeded this year. A handsome structure and ship-shod and shiftless looking grounds do not go well together. Even the removal of the concrete mixer and stone crusher from its prominent position, so near the main building, would improve the appearance somewhat. Cannot something be done?

## Those Who Come and Go.

Hon. A. L. Kellogg of Otsego was in town today. — George Howard of San Jose, California, is here visiting relatives. — Mrs. Fanny Vandercreek and Mrs. D. B. Shaw, who have been spending the winter in New York city, have returned and opened their house for the summer. — A piece of stone road has been constructed on Franklin street, which is a material improvement.

## NORTH KORTRIGHT NEWS.

Miss Grove to Speak on Mission Work in Soudan.

North Kortright, June 6.—Miss Elsie Grove, an enthusiastic missionary, who for a term of years has been located in the Soudan, under the auspices of the United Presbyterian board, will speak in the church here Wednesday evening, June 13, on her experiences and the great work that is being accomplished among the unenlightened natives of that region. Her talk will doubtless be intensely interesting.

## Suffering with Rheumatism.

Ray Sturges has been suffering with a severe attack of rheumatism following grip, and, though somewhat improved, is still unable to work.

## Report from General Assembly.

Elder Frank F. VanDusen, who returned last week from Boston, where he was a delegate to the general assembly of the United Presbyterian church, gave an interesting account of the convention, which all who heard him greatly enjoyed.

## REGISTRATION IN COUNTY 3,353

OF THIS NUMBER ONLY 1,164 ARE FREE FROM SOME EXEMPTION.

Number of Aliens of Specified Age Registering, 201, and Number of "Alien Enemies" But 11—Detailed Statement By Election Districts.

Late yesterday afternoon, at Cooperstown, the complete figures of the conscription registration for the county of Otsego were completed. B. G. Johnson esq., assisting County Clerk Marshall in tabulating the figures with a corps of other clerical assistants aiding in the work. The returns were carried to the county seat by messengers. The figures show that 3,353 young men registered and of this number only 1,164 were without exemption of some character, although but a small part of those with exemption of some sort claimed it. The number of aliens of the specified ages was 261 and only 11 of so called "alien enemies" registered within the county. The detailed figures by election districts follow:

The tabulation for the city shows that only 220 out of the total registration are without some exemption, though but comparatively few claim exemption. The total number of aliens is 140 and the total number of "alien enemies" is six. There were also six colored young men of the ages named, of which four have dependent relatives and two are without exemption.

## War Reduces Insanity.

War as a palliative of insanity is a theory unfamiliar to most people, but we have no reason to doubt the conclusions of Dr. Oswald of Glasgow lunatic asylum on the matter. One phase of the subject is instructive and significant. This is "the removal of the powerful effect of poverty on the mind and its replacement by the higher standard of living and remunerative employment." Poverty and unemployment are thus by medical testimony more fertile causes of insanity than war.—London Globe.

## Ananias.

The name Ananias is in disrepute because of the liar of that name mentioned in the fifth chapter of the Acts of the Apostles. Two others of the name are mentioned in the Scriptures. One of these was a high priest in A. D. 48 who was afterward assassinated; the other was a Jewish disciple at Damascus. Tradition makes him to have been bishop of Damascus and to have died by martyrdom.

**With the Fingers!  
Says Corns Lift Out  
Without Any Pain**

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heel footwear is putting corns on practically every woman's foot.

## GOOD NEWS FOR FARMERS.

**They May Now Use Their Auto Pleasure Cars Without Restriction.**

Albany, June 6.—The Hewitt bill as amended April 23 and urged by the New York State Automobile association has been signed by the governor, is now law, and allows farmers to use their pleasure cars to haul produce to town and goods for their own use without restraint.

This measure provides that motor truck fees shall apply only to motor vehicles "constructed or specifically equipped for the transportation of goods, wares and merchandise, and used or to be used for such purpose and commonly known as auto trucks."

For this amendment, which corrected a very foolish and inconsiderate feature of the common law, farmers owning autos which they wish to use in hauling goods to or from town for themselves are under obligation to the New York Automobile association, of which the Otsego Automobile club is a member. Farmers who wish in a substantial way to show their appreciation should join the most convenient automobile club, thereby showing their sense of a community interest.

## Plant For a Hanging Basket.

Indoor gardeners will be interested in watching this plant grow. It follows the plan of the strawberry in sending out runners and starting new growths at the end of the stem. The strawberry, however, has the earth to establish its new growths. This indoor plant sends out the runners groping for earth where there is none. It's called the saxifrage.

It is a favorite plant for hanging baskets. A small tuft of leaves develops at the end of each vine. From this tuft other runners are sent out, and these in turn develop more tufts. By this method the saxifrage keeps on expanding until the basket is covered with a network of vines and a blanket of leaves.

The leaves, shaped like those of the geranium, are a reddish olive color, veined in white. It requires ordinary soil and a moderate amount of water and shade.—Philadelphia North American.

## The Pennanite War.

The Pennanite war was a humorous name given to an early boundary dispute between the colonies of Connecticut and Pennsylvania. By the original charter granted to William Penn the northern boundary of Pennsylvania was fixed at latitude 43 degrees north. Connecticut claimed as far south as 41 degrees, and both colonies made settlements in the disputed territory. There were many clashes that came near to actual fighting, but finally congress and the courts settled the dispute in favor of Pennsylvania.

## Don't Lay All the Blame on the Shoe Merchant

Shoes are somewhat higher in price than they were one, two or three years ago, but the shoe merchant is not entirely to blame. The successful merchant is one who watches closely the trend of public sentiment and who buys, after careful consideration, those articles of merchandise which long experience has taught him will be in demand.

At the present time, as we have stated in former advs., it is possible for men and women to buy good, strong, serviceable shoes at \$2.50, \$3.00, \$3.50 and \$4.00.

On the other hand we are not to be blamed for buying and offering for sale, because our trade demands them, shoes of an entirely different character retailing at \$5.00, \$6.00, \$7.00 or possibly \$10.00.

## AMERICAN STUDENTS TO REBUILD FRANCE

From the debris of devastated quarters of the city-to-be, the landscape architect in consultation with the entire group will lay out the city to order by the highest architectural and engineering skill America can furnish. If the offer of the University of Illinois, recently brought to Ambassador Jusserand by Dr. Edmund James James, president of the university, is accepted by the French Government.

The unique proposal of the university contemplates sending to France trained units of city planners to be placed at the disposal of city and village mayors and to take charge of the reconstruction as rapidly as the Germans are pushed back. If this plan is followed it will mean that there will be no hazards rebuilding in France and Belgium, but that these ruined regions will emerge from war as the most beautiful part of the world.

President James's Plan. Each city-building unit, Dr. James said, will consist of one architect, one landscape architect, one electrical engineer, one highway engineer, one municipal and sanitary engineer, one chemical engineer, and one economist.

Thus when a shattered city may be safely rebuilt the economist will estimate the population needs of the city and the relative sizes of the various school houses.

Buy your Liberty bond today. You are going to buy anyhow, and it's the thing to buy now and help your city or county reach its quota. You needn't be afraid of the security. If a United States bond isn't good, then there isn't a security on earth that is.

In a southern city Tuesday, when the young men came out of the enrollment booths after giving their names and the necessary data, they were promptly decorated with a card which said, "We have done our duty, now do yours. Subscribe for a Liberty loan bond." It was perhaps the best piece of advertising which the bond campaign has brought about, and it is unfortunate that it was of merely local instead of general circulation.

In the newspapers of Monday there was quite general prominence given to a statement from the Liberty Loan committee in New York city to the effect that the farmers had been persistently bombarded with literature urging them to subscribe, and that their quite general failure to do so has caused them to be considered "shackles" to the movement. At a meeting of the Oneonta grange on Monday evening, at which about 100 were present, the matter was brought up and it was stated that not more than one or two of the farmers there represented had received any literature at all, and in these instances only indirectly. If this is true generally the wording of the press dispatch was at least unfortunate. It is understood that a considerable number of the members of the grange expect to buy bonds, whether they have been personally solicited or not. And in the meantime all can take the general appeal through the newspapers as personal solicitation.

That was not a bad plan which at Rome and Norwich and elsewhere was adopted on Tuesday—of having a parade after enrollment, with all the city organizations and the citizens above and below the years and of both sexes turning out to do them honor. It takes the United States, accustomed as it has been for so long to peace, a considerable time to adjust itself to the present condition. But more and more it is coming to be recognized that the call to arms is more than a duty—it is a privilege; and doubtless there was not a little envy mixed with the congratulations at both these places on Tuesday, as there will be everywhere when the matter comes more to be considered.

**GOOD USE FOR PRISONERS.**  
The investigations of the National Committee on Prisons and Prison labor into the reliability of convicts at work on roads or on farms shows that the vast majority of the same and able-bodied men now confined in penal institutions. If properly handled, can be depended upon to perform the tasks set for them without the slightest fear of their escaping.

In Colorado, prisoners in six large road camps are constantly employed in the construction of roads. In eight years they have built what Warden Tynan calls "1,500 miles of probably the most perfect highway in the world." They are also farming thousands of acres of land which produce food used by the state institutions.

There are, however, about 4,000 convicts in this state whose idleness is ruining in the various penitentiaries, and they should be employed in building roads or on state farms.

The National Committee on Prisons and Prison labor find that throughout the country there is an increasing sentiment for the employment of convicts on roads and farms to assist in relieving the food pressure which, because of the war, confronts the nation.

## RED CROSS CAMPAIGN ON SATURDAY

City Will Be Canvassed By En-  
thusiastic Lovers of Country  
Beginning Saturday

While there has been no concerted effort toward securing new members for the Red Cross in Oneonta, the time is at hand when the city must do its share.

Next Saturday morning between the hours of 9 and 12 every person in the residential section of the city of Oneonta will be called upon and asked to join the local chapter of the Red Cross.

Alliance with this organization does not mean enlistment in the military service—it means contributing one dollar toward promoting a work that is greater than tongue or pen can describe. It means also that from your contributions suffering humanity may be made more comfortable. Your co-operation in this big movement may have a deeper personal significance than you have any conception of. The appeals which come from the war stricken territory should touch the heart strings of every red-blooded American.

This is our part of the great war struggle, and let us perform that service in a manner that will reflect credit to our community and to our country. Let's make the Oneonta chapter one of the big chapters of the Empire state.

When the solicitors call upon you between 9 and 12 next Saturday be prepared to say "I want to join your Red Cross, and here's your dollar."

WORK COMPLETED BY ONEONTA CHAPTER.

Gauze Surgical Dressings—Thirty dozen large compresses, 43 dozen small compresses, 3 dozen rolls, 73 dozen large wipes, 68 dozen small wipes, six dozen 2-in. drains, eight dozen 1-in. drains, 11 dozen 1/2-in. drains, eight dozen laparotomy pads.

Bandages—Two hundred nineteen muslin, 16 crinoline, 20 flannel, four dozen four-tailed, six dozen T bandages, 12 dozen slings, nine dozen abdominal bandages, five dozen head bandages.

Knitted Articles—Six sleeveless jackets, 20 pairs socks, nine pairs wristlets, six mufflers, 12 wipes.

**Donations From Organizations.**  
The following organizations have donated each a "one man equipment": C. C. club, D. A. R., Episcopal church, First Baptist church, First Presbyterian church, Free Baptist church, King's Circle of United Presbyterian church, Methodist Episcopal church, Universalist church.

The equipment consists of the following articles: Six sheets, four draw sheets, two spreads, four pillow cases, two suits of pajamas, four hospital bed shirts, convalescent gown, four pairs of socks, two pairs of bed socks, two bath towels, four face towels, three wash cloths, pair of slippers, hot-water bag cover, ice-bag cover, six handkerchiefs.

**Contributions for Home Chapter.**  
All contributions of cash which are received by the local chapter are used exclusively for the promotion of work at home in the purchase of materials for making the various equipments.

Several substantial donations have been made to other chapters and it is confidently expected Oneonta will also have many of such to report. The Star announced the other day one very substantial gift to the local chapter and other gifts will no doubt follow.

**What a Single Membership Means.**  
It takes a lot of material to meet the demands of the workers. Our own organization to become effective must have gauze and muslin to work with.

It takes the income of one membership to buy four yards of muslin; it requires the revenue of one membership to buy fifteen yards of gauze; it means the proceeds of one membership to buy the yarn in one sock.

### LOCAL MENTION.

—Campbell Bros. have sold for Mrs. Elizabeth Tubbs her valuable 90 acre farm near Milford to Marvin Cook of Jefferson.

—Clarence E. Holmes, George L. Gibbs and John Graney purchased yesterday for William Bronk the block at 162-164 Main street, occupied by Charles A. Nichols.

—The body of Mrs. Henry Wood of Binghamton was brought to Oneonta last evening and will be taken this morning to Kingston for burial. Her husband is a brother of Burr Wood of this city and of Walter Wood of Binghamton.

—N. H. Peet of Chestnut street has presented a fine bell to the Elm Park Methodist Episcopal church. The members wish to express their thanks to Mr. Peet for this generous gift and also to A. R. Baker of Otego for the organ which was presented last week.

—A spring festival entitled "Geladiola," a Greek myth, will be given by the Normal girls and a few of the grade pupils on the Normal campus, Friday afternoon at 3 o'clock, if the weather permits. If unpleasant, it will be given the first pleasant day next week.

—Latest intelligence received by Mrs. Elmer E. Joslyn from her husband, recently injured at Delmar and now at the Albany City hospital, is that the fracture of the wrist and forearm have been reduced and Mr. Joslyn is doing as well as could be hoped for. He expects to be able to return home in a few days.

**Third Day of Clean-up.**  
Yesterday was the third day of the Clean-up program and there were more receptacles on the sidewalk than at any other time. The people are responding very satisfactorily and it looks now as if clean-up would be very general and complete.

Today the work will be confined to the Fourth ward and the committee is hopeful that the same report can be had from this ward as has prevailed from the other wards which have been pushing the work.

The committee desires to admonish the people that tin cans are as bad almost as garbage and breed disease and are decidedly unsightly and unsanitary. The inspectors have planned to look well to the work today and it is expected the Fourth ward will be clean when the task is over tonight.

### Meetings Today.

Regular meeting of P. P. Cooper encampment, No. 112, this evening at 8 o'clock. Good attendance desired. Regular meeting of Oneonta acie, No. 1250, E. O. E., at Macabee hall, this evening at 8 o'clock. Business of importance.

The Social club of the Chapin Memorial church will meet with Mr. and Mrs. Roper, 14 Washington street, this evening. All members and friends are invited. Bring usual refreshments.

Regular meeting of L. C. B. A. tonight. Assessment 322 expires at this meeting. Card party after meeting. The Ladies' society of the Universalist church will meet this afternoon at 2 o'clock with Mrs. George B. Baird. The work will be in the garage.

### Excise Commission Named.

In accordance with a recent amendment to the liquor tax law Mayor Cooperley has named as the commission for the city as provided for in the act, G. L. Bookes, F. H. Breese and C. J. Westcott. This commission is named for the purpose of investigating the location of places where liquor tax certificates are asked for and to determine as to the places where traffic in liquors may be continued during the year beginning Oct. 1. The commission named is one that will appeal to all as carefully selected and capable in every way.

### Class in Elementary Hygiene.

All those who have signed or are interested in the class for elementary hygiene will meet at the Nurses' home at 7:30 tonight. Miss Caddy, superintendent of nurses at the Fox Memorial hospital, has been secured as instructor. The text books and equipment have arrived and classes will be formed immediately.

### More Volunteers Needed.

To assist in taking the military census of the state, between June 11 and 25 inclusive, in the city, County Clerk Marshall, supervisor for the city, announces that additional volunteers are needed. Any who will unite in this work who have not sent in their names are requested to send their names at once to Miss Marion Carr, Ford avenue, that the force within the city may be well organized and the work systematically and thoroughly done. He hopes for numerous responses.

### TO INTERVIEW MR. LOREE

Will Redouble Efforts for Early Morning Train to Albany and Date Train from Albany.

With nearly every director present, the Chamber of Commerce last evening, after a prolonged discussion of the question of train service on the O. & H., decided not to abandon the effort to secure if possible a train schedule that will afford the best possible service for the city consistent with the policy of retrenchment that the company feels incumbent upon it to adopt. The attitude of the directors is one of co-operation and helpfulness to the company and co-operation in efforts to handle all the freight offered and thus to serve the needs of the country in this trying time.

The directors are disposed to co-operate with the company in the matter of reduction of train service, but wish to secure all possible consideration of the need for this early morning outgoing train to Albany and the late night train from Albany to Oneonta. The resolution passed after the fullest consideration directs the committee to ask for a hearing with General Manager Loree to the end that some schedule may be adopted that will permit the economies essential for the needed enlargement of the freight service and at the same time afford the needed relief to the business men and all residents between Albany and this city.

The resolution further instructs the committee, if in their discretion it is deemed wise, to ask the support of the Public Service commission and its experts in solving the problem of a schedule that will serve the ends desired. It is hoped that some adjustment of the time card that will meet all phases of the problem will yet be evolved.

Another suggestion, which may be brought up, is the running of the southbound milk as an afternoon local passenger and milk combined and the discontinuance of train 306, with one of its two crews assigned to an Oneonta and Albany local and the other crew released for other service.

### DRAFT ELIGIBLES ENLIST.

Five Young Men Between 21 and 30 Join the Regular Army.

Five of Oneonta's young men who registered Tuesday under the army draft law have decided that they will not wait for their selection, and have enlisted in the regular army. When applying at the local recruiting station at 176 Main street each of them had to show his registration certificate, which fact Major Charles T. Green, in command of the station, desires all young men considering enlistment to understand.

The five, with one other who happened to be below the registration age, being only 18, left this morning over the Ulster and Delaware for Fort Slocum to start their training.

Cavalry—Frank McCoy, Daniel T. Caley and Francis W. Haner. Signal Corps—Paul J. Cary. Hospital Corps—Lee S. Murphy. Field Artillery—Charles E. Sharrett.

### Patrons' Day at East End School.

The annual patrons' day will be observed at the East End school today, from 2 until 3 o'clock, in the afternoon, regular classes will be conducted and parents are invited during that hour to visit the grade room in which they are most interested and thus have an opportunity to learn something of the work which is being done day by day.

Specimens of the work of the pupils in drawing, elementary handwork, sewing, manual training, writing, etc., will also be on exhibition in the grade rooms.

At 3 o'clock visitors will adjourn to the lawn where the following program will be rendered: Flag salute; singing of "The Star Spangled Banner;" dumb bell drill; singing games; (a) Soldier Boy, (b) Did You Ever See a Lassie; Oxdansen (Swedish folk dance); English ribbon dance; games; (a) How Dye Do My Partner, (b) The Muffin Man; wand drill.

### Patrons' Day at Chestnut School.

Patrons' day was observed at the Chestnut Street school yesterday afternoon. Exhibits of handwork, sewing, manual training and written work were displayed in the class rooms. After a half hour of assembly singing, a tooth brush drill was given by the second and third grades, under the direction of Miss Schermerhorn, the school nurse. This was followed by regular school work in the class rooms. A large number of parents and friends were present and all seemed delighted with the work done by the children.

**NORMA TALMADGE IN 'PANTHRA.'**  
Seven-Act Selznick Production at The Strand Today.

The story begins in Russia with Pantbra fleeing from the net of the dreaded secret police, who have falsely accused her of being a revolutionist. Escaping to England she marries a young composer and the greatest situation in the play comes when she sacrifices herself that he may achieve success. The striking scenes depicting the prosecution of Nihilists by Russian police and the destruction by fire of a vessel at sea lend additional force to this picture. This is Miss Talmadge's first vehicle under her new management and affords the beautiful and talented young actress the greatest opportunity of her career. With such wonderful support as Roger Lytton, Earl Fox and George Pawcett, this is one of the season's best offerings. Matinee 10 cents. Evening 15 cents.

### HEAR TALK ON CHILDREN

Mrs. Alva Seybolt Talks to Mothers' Club and Tells Members That There Should Be a Bond Between the Child and the Home That Will Make for Loyalty — Sons and Daughters Should Be Trained to Become Home Makers and Partners in Married Life.

"If a child is taught that there is a bond between himself and his own family, and that this bond implies both love and service, I believe he will love and be loyal to his home," declared Mrs. Alva Seybolt at a meeting of the Mothers' club held at the First Baptist church yesterday afternoon that was attended by 78 women. This statement was made by Mrs. Seybolt in a short talk on "The Responsibility of the Mother in the Home," given after she had answered a number of questions on the relation between the mother and the child.

"The responsibility of home training in the child," said the speaker, "depends so much upon the mother. To be a good mother she must win the respect and the love of her children. She must make them love her. We should teach the children that they should love work and play. We should teach our children that they should do as they ought to do, and to be law abiding. The community is dependent upon the quality of the mother and the spirit and influence of the home."

Mrs. Seybolt then stated that it is her belief that there should be rules and regulations in the home. "Not stringent rules that one cannot live up to," she said, "but rules and regulations that will teach the children to form regular habits. Such rules should be taught early."

"A mother should train whatever talent her child may possess. She should help and do all she can to develop this talent."

"We must train our daughters to be home makers. Let us not forget the elementary training while we are teaching the finer graces of social life. We must train our daughters to be a partner with her husband, and we must train our sons to be a partner with his wife."

"We must educate our children, train them mentally, morally, physically and religiously. We must build our homes upon a firm foundation of love and common sense. Parents should unite their children in as close a family bond as possible. If a child is taught that there is a bond between himself and his own family, and that this bond implies both love and service, I believe he will love and be loyal to his home."

Before Mrs. Seybolt's talk, a much enjoyed musical program was given. Scripture reading was by Mrs. Harry Lee and Mrs. Harp offered prayer.

### CARNIVAL WEEK IN ONEONTA.

A. F. Crouse Tented Shows and Amusement Features Here.

The A. F. Crouse Tented shows, now appearing at the Parking grounds on Dietz street, announce elsewhere in this issue the continuation of Carnival week during the three remaining days of the week with an attractive list of amusement features. It is a veritable miniature Coney Island with a Ferris wheel, merry-go-round, a penny arcade and side-shows. The management announces also a great free attraction each afternoon at 2:30 and each evening at 10:30 o'clock, consisting of daring acrobatic stunts and a marvelous performance on a high unsupported ladder. The carnival announces, which is borne out by the police investigation, that the show is free from any objectionable features with no gambling or offensive conduct permitted. The amusement place will be open to the public each afternoon and evening for the remainder of the week.

### Sale Held at School.

The children of the Orchard Junior Audubon society held a sale of aprons and fancy articles at the Chestnut Street school yesterday afternoon, clearing about \$17. The proceeds are to be sent to the Children's Relief army to be used in caring for children orphaned by the war.

### State Baptist Convention in Auburn.

The annual session of the Baptist State convention will be held this year at Auburn, probably about October 25. It is probable that the convention next year will be held in Otego county, either in Oneonta or Cooperstown.

### THE WEB OF DESIRE.

Ethel Clayton Charms in Photodrama at the Theatre Today.

Real thrills, startling situations and characterizations that are perfect mark the success of the "Web of Desire," with the charming star Ethel Clayton and an all-star Brady cast, which is the attraction at the Oneonta theatre today, matinee and evening. The story told in this film play is of a western couple who become suddenly rich and go to New York. There the frenzied life of the big city gets in their blood and they are estranged, only to be brought together again in a novel and sensational manner. The gown worn by Miss Clayton are a sensation. A late Pathe News is the added attraction. Three performances, 10 cents. Tomorrow, the captivating young star, Mary Miles Minter, in "Environment," and a Fox comedy.

### Bargain in a House.

### DEATHS.

**Mrs. Elbert N. Patton.**

Nellie K. Packer, wife of Elbert N. Patton of Frederick street in this city, died at about noon yesterday at the Fox Memorial hospital, of which she had been a patient for the past three weeks. Her illness followed the birth of a child several weeks ago, and no longer ago than Tuesday it was believed that the conditions were favorable for her recovery. Her death is a sad blow to the husband and two little children, as well as to her mother and brothers and sisters, who will all have the sympathy of numerous friends in their bereavement.

Mrs. Patton was born in Portland about 31 years ago and had lived in Oneonta for twenty-three years. She was married four years ago and is survived by her husband and two young children, Eleanor, aged four years, and Edwin, only two years of age. She leaves also her mother, Mrs. Eleanor Packer of this city and the following brothers and sisters: George, Harry, Elmer, Alfred and Marion Packer and Mrs. Nettie J. Klee of this city and Mrs. Nelon I. Stever of Binghamton.

The funeral services will be held at 2:30 o'clock Friday afternoon at the home of her mother, 4 East End avenue. Owing to the absence of her pastor, Rev. J. C. Trauger of the Lutheran church, of which she had for several years been a devoted and consistent member, the services will be conducted by Rev. Dr. C. S. Pendleton. Interment will be at Glenwood.

Mrs. Patton was a much respected woman and devoted to her home and family. Many friends will deeply lament her death.

### FUNERAL OF MRS. TAMSETT.

Many Attending Services for Popular Young Woman and Good Floral Pieces.

The funeral of Charlotte Elizabeth, wife of John T. Tamsett, who died Monday morning, aged 35 years, after suffering for four weeks with pneumonia, was held at her late home, 8 Hill place, yesterday afternoon.

The service, conducted by the Rev. W. B. Suley, was a very impressive one. Members of the choir of the United Presbyterian church, of which the deceased was a member, rendered several beautiful hymns, among them, "Face to Face."

Mrs. Tamsett was very popular in Oneonta, and consequently there was a large number of friends and neighbors present, while the members of the Ladies' Aid of the United Presbyterian church attended in a body. There also were the following people from out of town: George C. Auchinbaugh, Mr. and Mrs. S. B. Kirkpatrick and family, Miss Anna Ostrander and Miss Mary Carr, all of Schenectady; Oliver E. Auchinbaugh and wife and Sylvester Warner of Cobleskill; J. Tiffany of Esperance; Mrs. F. Dearing and son, Arthur, and C. D. Baker of Delanson.

Many flowers were received at the Tamsett residence during the day from hosts of friends. Among them was a large piece from the Ladies' Aid of the United Presbyterian church, one from the Loyal Order of Moose, of which Mr. Tamsett is a member, and one from the employees of the Twentieth Century lunch room.

Interment was in the Platts cemetery.

**Funeral of Henry S. Matteson.**

Many friends and neighbors of Henry S. Matteson joined with the family at his home in Torriss yesterday in the funeral service, which were held at his late home in that village. There was a profusion of floral tributes, and the high school of the village was represented by a large delegation, assembled in honor of one who had long been a member of the board of education. The service was conducted by his pastor, Rev. Mr. Colbeck of the Morris Baptist church, assisted by Rev. N. B. Ripley of Milford, a Morris boy and long a personal friend of the deceased. Mr. Ripley made the invocation, and Mr. Colbeck followed with a brief but heartfelt personal tribute and prayer. There were two vocal numbers—"Beautiful Valley of Eden," sung as a duet, and a solo, "There's a Green Hill Far Away." Interment was in the Hillington cemetery.

Among those present from out of town were Mr. and Mrs. Silas S. Matteson and Miss Florence M. Matteson of Oneonta, Mr. and Mrs. W. D. Smith and son, Lawrence, of Poughkeepsie, Prof. B. H. Matteson of New Paltz, Mr. and Mrs. Harry Barker of Norwich, Mr. and Mrs. G. G. Whitney and daughter, D. A. Weatherly, Howard Sackman and S. D. Haight of Milford and Mr. and Mrs. George T. Kidder, William Holdredge, Merritt Clark, Mrs. A. L. Johnson and W. M. Strong of Laurens.

**Funeral of Lenora Bessie Bishop.**

The funeral services for Lenora Bessie, daughter of Mr. and Mrs. O. G. Bishop, were held yesterday afternoon at the home of her grandparents, Mr. and Mrs. Enos Beams, 457 Main street. There was a large attendance of neighbors and friends, whose presence as well as the many beautiful flowers told the general sympathy and regret. Among the floral tributes were pieces from the Free Baptist Sunday school, the Christian Endeavor, the Social circle and the employees of the sales department of the Endicott-Johnson company of Binghamton, where Mr. Bishop is now employed.

The service was conducted by Dr. Pendleton, who after reading of scriptures spoke briefly but with deepest sympathy to the friends and afflicted family. Two hymns were sung by the Misses Helen Davis and Beth Tarbox. Interment was in Glenwood. The pall bearers were Nathan Pendleton, William Fay, Melville Johnson and Bernard Benedict. Seven little girls, schoolmates and friends of the deceased, acted as flower bearers.

### MARRIAGES.

**Rowell-Wickham.**

George W. Rowell and Mrs. Laura A. Wickham, both of this city, were married at 8 o'clock last evening at the First Baptist parsonage by Rev. Dr. Edson J. Farley. They were attended by Mr. and Mrs. W. H. Hoyt. Following the ceremony a reception, attended by relatives and intimate friends of Mr. and Mrs. Rowell, was held at their home, 12 Otsego street. Mr. Rowell has for more than thirty years been a well-known business man of this city, and Mrs. Rowell has also long resided here. Both have many friends who will extend heartfelt congratulations. Mr. and Mrs. Rowell leave tomorrow for a week's visit in Binghamton and later will go to Washington, D. C., for an extended sojourn there.

**Wilbur-Lansing.**

On Wednesday morning, June 6, at the home of Mr. and Mrs. Z. L. Lansing of Westford, occurred a very quiet wedding when their daughter, Sarah L., was united in marriage to Ralph L. Wilbur of that place, beneath the folds of the flag. Rev. Scott Clark officiated. The ring service was used and the couple were unattended.

Only the immediate families of the contracting parties were present. After a luncheon, the couple left for points of interest in the western part of the state. After July 1, they will be at home to their friends in Westford.

## Lower Shoe Costs Not In Sight

Service in a Shoe Store is something more than having a clerk take a pair of shoes from the shelf and put them on your feet. To us it not alone means fitting customers properly, but keeping them informed as to style and price changes.

And so we feel it is our duty at this time to tell you that indications point to a continued scarcity of leathers and the possibility of higher prices.

We have no further object in telling you of this, than to advise those in need of shoes to take advantage of the low prices which prevail now, rather than to wait a little longer and perhaps be obliged to pay for further increased costs in good shoe manufacture.

## STATE MILITARY CENSUS

Affects Males and Females Between 16 and 50 years — Complete List of Questions Which All Persons Between Above Ages Must Answer.

Necessary blanks for the state census to ascertain our assets for war purposes have been sent out by the authorities and are now in the hands of the officials of the Home Defense committee of the several counties. Those for Otsego county arrived yesterday and will be sent out by Harris L. Cooke esq. of Cooperstown, who is chairman of the census committee for this county. The distribution will at once begin by the volunteer canvassers as it is desired to get as many of them as possible in the hands of those required to answer them before the close of the present week. The enumeration itself will be taken between the eleventh and twentieth of June.

Pen and ink must be used in filling in the answers, and the blanks must be filled in by all persons, male or female between the age of 16 and 50 years, both inclusive, the age 50 being understood to mean all persons who on June 11 shall not have attained their fifty-first birthday. In order that the questions may be carefully read and studied before the arrival of the state blanks, the complete lists are herewith printed:
